CENTRAL INTELLIGENCE AGENCY

-2:0

was a small war prisoner camp in civilian houses in Manpojin. About 30 to 40 prisoners were held there for interrogation by the headquarters of the North Morean State Security Bureau.

Prisoners in North Korean camps were fed rice and Korean soup. They were not supplied with winter clothing. In general the prisoners at Hampojin appeared to be weak with hunger and suffering from cold, since they were wearing only the summer fatigues in which they had been captured.
